Limited Lifetime Warranty

This non-transferable limited lifetime warranty extends only to the original residential end user for household use only. Additional limitations may apply for commercial use.

310 Tempering warrants to the original end user that the glass, aluminum, poly carbonates and hardware for your shower enclosure be free from defects in materials and workmanship outside of the industry standard. This warranty does not apply to instances arising from abuse, misuse, carelessness, damages caused by improper installation, leakage, improper maintenance including the use of abrasive chemicals, accidents, and natural disasters or acts of God.

310 Tempering will gladly replace any part of your enclosure free of charge that is found to be defective in materials or workmanship occurring in normal usage during the warranty period. This warranty covers parts only, not delivery. Labor for removal or replacement is not included, nor is damage as a result of incorrect installation, misuse or abuse.

No other warranties are expressed or implied, including that of merchantability or fitness for a particular purpose or compliance with any code. In no event shall 310 Tempering be liable for special, direct, indirect, or consequential damage, including but not limited to, loss of profits or damage to other property. Any warranty implied by law and not effectively excluded by this warranty are limited to the duration and remedies of the warranty.

The laws and regulations that govern the installation, design, and use of shower enclosures vary widely. 310 Tempering does not control the selection of product, configuration, actual installation, operating hardware, or glazing material, and therefore does not assume any responsibility thereof. 310 Tempering reserves the right to modify this warranty at any time, and the consumer understands that such modification will not alter the warranty conditions applicable at the time of the sale of the product.
